Total Cases: 2703

- Total client numbers will not add up to DDW client total. Clients who elected to change providers during the specified time period will be counted in the totals of both providers.
- Client numbers are derived from claims data and include all clients for whom a claim has been submitted during the specified time period.
- Only closed cases are included (except deaths).
- Single cases with multiple allegations appear in this report in only one category. The category in which a case will appear is based on an allegation hierarchy as follows:
  - Death
  - Confirmed Abuse
  - Confirmed Neglect
  - Confirmed Exploitation
  - Law Enforcement Involvement
  - Environmental Hazard
  - Emergency Services

**Res Includes**  
Supported Living  
Homebased

**Hab Includes**
